Description:

460 Esprit is a new category of MiniCat, the largest and fastest yet. It is designed for more experienced sailors and yachtsmen and gives a new experience in sailing an inflatable catamaran especially when used with the Gennaker.

The construction of the 460 Esprit is similar to the 420 models but all the main parts of the boat are larger and more robust.

The floats are longer and wider, the mast is thicker to make the boat stand against stronger wind and the larger sail and jib makes it go much faster.

460 Esprit is a serious boat that will blow you away – literally!!!

Packaging:

2 x 1750x300x300 mm & 1 x 1000x300x300 mm
